QR Code Link to This Post We are looking for a special person to help save a life by donating a kidney, this person needs to have blood type O or A but even a B will do. We pay all expenses including all travel and even lost wages or lost money that could be made. This is legal and you will be treated like the hero you are. But if your trying to sell your please dont respond it is illegal. As a donor myself I can answer all your questions. First you need to be over 21 and in good health, have no sugar problems and meet the height/weight ratio. If you meet those requirements and are still interested please contact me I posted my number and email Thank you for reading this.
