QR Code Link to This Post Just came from LA for a job and really wasn't one. Need to rideshare back to LA area. Have 3 suitcases and clothes bag. Can pay much of gas expenses and clean drivers license to help drive. Just did this two days ago and took us 48 hrs almost non stop. Older reliable male and friendly. If your going to the west coast this is a great way to cut your cost and have a good trip.

Need to leave as soon as possible after Dec.
