QR Code Link to This Post Our amazing 2yr old coonhound named Biscuit loves long walks, cuddles, and playing with his toys. All he wants to do is be by your side!

He's house and crate trained, neutered, understands basic commands, and great with both young kids and dogs ( not sure about cats).

He would be best in a home with a fenced yard ( no apartments) and with a family who enjoys the outdoors!

We unfortunately are no longer able to care for him, but we will take all the time we need to make sure he goes to a great home! We are asking for a re homing fee of \$50 to be donated to the SPCA. Once we're ready to make things final you can just show the receipt.

Let us know of any!
