QR Code Link to This Post This is my own personal work. I work through a disability that hinders my ability to even hold a pen, pencil, paintbrush ect. with any type of control.

The first image is the one for sale in this ad and the rest are others that I offer as long as I have some of the limited run available.

You may decide to get un-framed and that will of course lower your cost here.

This 16 x 20 framed & signed print is \$150
