QR Code Link to This Post Am sadly giving out my beautiful Cavalier king Charles Puppies, This is a very sad sale. They are nearly 8 weeks old, most wonderful personality. They are trained off lead and loves all dogs and all people also a other smalldog to live with is preferred. They will easily fit into any family, They are crate trained, vaccinated and micro chipped also AKc reg. I am looking for a loving pet home who don't work out will have time , and also has the funds to get her groomed and have all vet treatment They may need throughout Their life ! They will not be sold to a breeding home as is to small . Their Akc paperwork is endorsed so no breeders.
