

## Pioneer Amp Blu

Location **Alabama** https://www.genclassifieds.com/x-763368-z

QR Code Link to This Post Home stereo w/Pioneer amp, Phillips Blu-Ray Player and JVC speakers. Everything works as it should and you can also hook up your TV to play through this system. The amp has a Phono input for a turntable if you're into vinyl records. Any modern digital player can be attached, including your phone. The Bluray has HDMI, Component, Optical and Coaxial outputs. The JVC speakers sound amazing for their size.

Cash only local sale..
