QR Code Link to This Post Hi! I am moving to San Francisco and looking for someone to take over my lease ASAP!

I have a very nice roommate she's 23 and is working as a scribe while she's applying for nursing school. She has an adorable puppy who is 4 months. She's very clean and organized, I'm really going to miss living with her.

The Metro is located in LoDo (lower downtown) The base rent is \$1,100 and then you would need to pay for utilities which typically ends up being \$100 (between electricity, trash, internet, and cable.) The apartment complex has a pool, gym, game room, printing room. In unit laundry, walk in closet, private bathroom, and much more!

(Also selling the glass table, dinner table and chairs, and anything you see in my.)
