QR Code Link to This Post Beautiful large handmade stain glass window. It is framed in oak (I think) and measures 70-1/2" high by 34-1/2" Wide. I had it inside a window but changed out the windows and now it doesn't fit. It was appraised 2 years ago at \$1800-\$2000. It's in very good condition with no cracks or scratches. I'm asking \$1600 or best offer. I believe it has over 60+ panes of glass but I have to recount them to be sure. If you have any questions feel free to PM.
