QR Code Link to This Post Home delivery company seeking a partner. 2 million in revenues...\$50,000 weekly cash flow. Accounts pay weekly.

My boss & owner of the company has taken a leave of absence & has given me an opportunity to buy him out. Looking for approximately \$450,000.

We have a great business with varied accounts & are paid on a weekly basis. Cash flow is great and we are growing. I can handle all the day to day issues and scheduling. Need someone with cash and help with the paperwork and books etc.

I have been in this business for 8 years and know the contracts etc. We have a great group of well trained guys who know their jobs.

We sub-contract for some of the largest retailers in the country. I am confident that your investment can be repaid quickly & I can show you how.

This type of business will never be outsourced or replaced by a drone or APP lol as long as people need mattresses, refrigerators, washing machine & dryers they need us, our guys & our trucks.

Thanks for reading. Send name, phone number for quickest.
