QR Code Link to This Post Up for sale is my 2013 Honda Pilot EX-L. I am the second owner and have owned the car since 38K miles. All maintenance has been completed and I have receipts for every single thing I have ever done to the car. Less than year old tires, brakes recently done, just changed the oil. Most importantly I have replaced the timing belt and water pump less than 3K miles ago.

I am OCD about my cars and every automobile I have owned is meticulously maintained beyond what most folks do. There are a few small blemishes on this car, please see the pictures. Aside from that this car is accident free. Just got the entire car detailed - ready for a new owner.

If you have additional questions, please email me with your phone number - and I will give you a call or text - your preference - just alert me in the email. Change something in the subject line so you don't get filtered to my spam.
