QR Code Link to This Post Hi all,
i am a local small engine mechanic. I will come to your location and service or repair whatever machine you may have while you watch. I will also explain what im doing and why i am doing it and ill give you pointers to get maximum life from the machine, i also carry most commonly needed parts to speed up repair. Calls only plz, and if no answer plz leave a message w details and a contact # thank u 774 2 zero five
