QR Code Link to This Post I pay 60% of face value for gift cards. I do not buy cards that require a purchase....such as spend \$10.00 and get \$10.00. Bigger the value bigger the payout. If you want cash I have it.

Iv msg I am not home much. Email is preferred. This is the only deal I offer, if it is not for you, move along. It is for people who just want some cash now at a deeply discounted rate, it is very.
