QR Code Link to This Post I know of at least two available bedrooms. One is my bedroom and another is with another landlord. I am in touch with several other landlords with whom I can help place well qualified candidates for apartments, houses, and private bedrooms with common spaces and utilities included.

Moreover, one of the landlords has a project to facilitate the construction of small houses, so if you would like to construct a small house let me know.

Tell me about your expectations, and share details on following topics about your expectations too:

- Your monthly budget for housing with utilities included
- Location
- Smoking
- Pets
- Sound levels
- Security features
- What feels safe to you
- Length of stay
- Details on heating
- Details on air conditioning
- Pest management
- Your future landlord
- Your future roommates

- Social life
 - Bathrooms
 - Parking
 - Amenities

Your responses can help me help you find a suitable bedroom or even an apartment or.
