QR Code Link to This Post I'm looking for an experienced person to help build playsets Monday thru Friday now through Christmas. Must be able to read and follow instructions. This is probably 1 or 2 days a week maybe more. U must live near Picayune[Slidell or be able to meet me at Walmart/Picayune or Sams club/Slidell and or sams club in convington. U have to have a working knowledge of either the wooden playsets or the metal playsets sold at sams club. Just to be clear this is NOT a job with sams club. I'm an independent contractor. Pls answer soon as I have work starting Friday after.
