QR Code Link to This Post I'm selling my 2006 chevy Silverado 2500hd lt. truck has 154k miles on but goes up as it's my daily. It has a 7-9in mcgaughy lift kit. About 75% tread on 37x13.5r20 Toyo open country mts with fuel coupler wheels and a 5th wheel and tire for a spare. Truck has a built trans by dimitri Millard along with having a rebuilt engine that has about 5000 miles on it. Engine had got a bad injector at 148k that cracked the number 4 piston. Engine has all new lb7 delipped and coated pistons and arp bolts and studs through out and new valve guides and seals on all valves. Truck has a lot more done to it to much to list text me if interested.
