Visual artist seeks same or like-minded creative to rent or buy a work live studio space in New Jersey. I am a visual fine and applied artist working in New York City. As a graduate of the University of Illinois I am currently in the NYC Finishing Trade Union...

Currently I am living at the top of the New Jersey Shore in a 4 bedroom house which I have dedicated the ground floor to my studio space. current landlord has lost her house to foreclosure so I am in the market to commit to a work live studio. I personally am a mature, single, stable respectful and mindful visual arts creative.....

I would like to partner up with someone very like-minded and committed to building a Digital Arts business of some sort. I have strong skill sets when it comes to Interiors construction and finishing. Meaning we need to find a property that will allow us to work & live while building a creative business. So with that said contact me we'll talk about the issues. I would like to have this new live work studio space up and running by February 1st. Feel free to contact me if you have constructive input or thoughts thank you...
