QR Code Link to This Post I have a 2006 Mercedes Benz ML 350 that is very nice. It's a one owner with only 86K miles. Also has new tires, new oil change, new NC inspection, & rear DVD for entertainment. The paint is in excellent condition & the interior is also clean. The AWD makes this SUV extremely safe & the V6 engine provides good gas mileage. This SUV is good for another 200K miles - it's just broken in. Call me at 919-624-1913 to schedule an appointment to look at it. My schedule is flexible so I can meet just about any time. I will take the ad down once it is sold. Thanks for looking,
