My name is Kevin Mclver. I am a worship leader and songwriter from Columbia, South Carolina.

I love to write and record worship songs for the church to sing and use in their local church services. I wanted to use my gift of songwriting to bless the church. So I wanted to offer you a worship resource completely FREE.

If you love to listen to new worship songs and you love free stuff, than I've got something you may want to check out!
FREE song downloads, FREE chord charts and more!!

You can find the songs here on my website at <https://www.stillwatersworship.com>

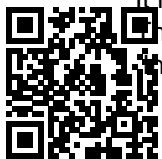

If you listen and decide you LOVE one or more of the songs, please feel free to play them in your church, band or ministry!

I would also love to connect with you on Facebook. I frequently release free stuff including, unreleased songs, acoustic versions of songs, private videos news updates and more on my Facebook page!

You can like the Facebook page and stay connected with news and events!

are the Blessing!
