QR Code Link to This Post We are looking for an editor to come in or work remotely from home. Job is paid per wedding as our studio is expanding

Must be well versed in editing/ design software Photoshop, Capture One and/or light room. Willing to teach Capture One (Preferred)

The job entails batch color correction of raw wedding photos and exporting to jpg files.

Applicants must provide me with an online portfolio of some sort but this can be as simple as listing your experience and attaching some before and after images to an email. We are NOT looking for retouch artists.

This job can be done from your home if you are experienced. We are willing to train if you have experience, but you must have your own computer powerful enough to edit the raw files.

Pay is determined on skill level and
