QR Code Link to This Post Storm is an 18 month old female Flemish Giant Rabbit. She is spayed and box trained. Unfortunately I am moving and am not able to take her. She comes with her feed pellets, a large flexible enclosure a food "vault" for her pellets, hay with a bin to keep it in, food and water bowls, and her "litter box" she actually uses a mixture of hay and pine pellets which you can get at the tractor supply store for a very reasonable price.

There is a rehoming fee of 200.00 which will be waived if the person taking her is part of an educational 501c3 or rescue.
