Best man speeches â—• Toasts â—• Any and all wedding speeches!

Will you be giving a wedding speech before long? Does the idea make you sweat? If so, don't worry ... you're in good hands here. I've written scores of wedding speeches, including best man speeches, maid of honor speeches, father of the bride speeches, and even groom speeches.

I can take a little input or a lot from you and help you produce a strong wedding speech or toast that catches the audience right away; I'll keep their attention with stories and humor; and I'll end on a more sentimental note. (All subject to change, of course -- tell me what tone you're looking for!)

Cost: \$50 per double-spaced page. It usually takes about one minute to read a double-spaced page, so a two-minute speech is two pages, or \$100. We also rewrite or edit speeches. Rewriting is \$30 per double-spaced page, while editing is \$10.
