

## 2004 Subaru Forester

Location **Pennsylvania**  
<https://www.genclassifieds.com/x-767151-z>

QR Code Link to This Post Runs & Drives excellent, Tires are 90%. I am a Subaru mechanic, I occasionally buy & sell between jobs. I did a lot of work to this car to get it ready, here's the list:

Head gaskets (done right with newest Felpro gaskets & heads were milled at machine shop.

Heads reconditioned: All new valve stem seals, all valves lapped/cleaned...idles like new.

Timing Belt/water Pump kit: Gates kit, all idlers replaced, new tensioner too, all cam seals & crank seal replaced.

Fresh: Spark plugs, valve cover gaskets, coolant, oil.

New Battery

Everything works, no funny noises, pulls etc. I will gladly provide fresh PA Inspection if bought by PA resident.

Car can be viewed at my shop: M-F from 9-6 and Saturday 9-3. Thanks for looking -
