- We built this home a couple of years ago and have absolutely loved living there. Sustainable gardening has been our passion. The best part is being in the woods where we have the privacy and safety away from neighbors to live a healthy lifestyle. Its close to Walmart and Lowes right off HWY 77 and Killian rd. and the other direction towards Monticello Rd. (10-15 min drive) has been the perfect location for our busy schedule. Something about this place has done our hearts good. That would be our hope for you as well. Email for questions. Utilities average about \$150/month year-round.
