

# Glass and Wood dinning set (6, USD)

Location **Washington**  
<https://www.genclassifieds.com/x-768271-z>

QR Code Link to This Post Hi! We're selling our beloved 6-seat dinning set. The table is a solid glass circle (60" diameter) resting atop a sturdy, central heavy wood base. Base has room for decor such as books or vases. The six chairs have curved wooden backrests with a medium plush cushion, resulting in that "just right" level of comfort whether you are working at the table or enjoying a family dinner.

All pieces are in good condition. The glass is clear with no chips or dents, though has light scratch marks and some swirls up close. The chairs have held well, with just a small scuff here and there. One of the chairs has a crack in one leg. The table base is in excellent condition.

If you are interested, we can add on that rug too for just a small bit.

Pieces:  
 1x Table + Base  
 6x Chairs  
 1x Carpet (add-on)

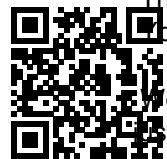

Specs:  
 Table: circle 60" diameter, 30.5" tall.  
 Table base: ~18.5" square  
 Chair-overall: ~40"x20"x20"  
 Chair-seat: ~ 16"x17", and is just under 20" off the ground.  
 Rug: 59"x 88"

The glass is held to the base by strong suction cups, you can detach to move.

You have to push it's heavy, so please bring a hand to help.

We imported this table several years ago from a high-end furniture store. When we moved out from the apartment, which means it has a solid, heavy feel. It doesn't get heavy days, and it's not selling now. It's a deal store. We're selling because we are clearing out larger.

We hope that it serves you well with at least a many good times (and meals) as it had for us.  
 Please reach out with any questions. Thanks for looking!
