I play that greasy, chunky, scratchy sleaze. But I can also be very muted and tasteful.

If you like Josh Tillman, Annie Clark, and Mac DeMarco let's make a band.

If you got a project you want me to audition for tell me when and where to be on Sunday or Monday.

If you got a massive ego I only ask that you have the chops to back it up. Are you unwilling to meet up? Cool. Don't reply.

Let's be creative and make art with purpose, vision, and more importantly some balls. If you get at me, I will.
