QR Code Link to This Post They are both for adoption. I have a 12 weeks old young Goldendoodle who would fit best in a home with another friendly and active kitten or young dog. not too keen on children -- especially young ones, under 1. Have been in our home since, but we have a 2 year old sick daughter and are not finding it to work out.

they are very playful and has a huge appetite. Vaccinations Rec'd. Already spayed. Message if interested. They'll be sent with a food bowl and some wet and dry food to start you off. Please come with your own carrier to take them home. There is an incredibly small adoption- covers just the cost of the items you'll receive with them.

Unique Sister Goldendoodle pups need a better life..Rehoming Baby Goldendoodle . They have babydoll faces and Full shiny Hair coats,
