My name is Franklyn Fager with the Mind First Guidance Center, and will be holding qualifying sessions between 10pm to 9pm, Monday through Friday the week of December 11th through the 15th. If you are prepared to make an appointment, call our offices at

We have been assisting people with self-defeating beliefs and debilitating fears for 23 years, and we are in the process of introducing an innovative therapy in personal, professional and relationship development. Over the past 15 years of counseling clients and patients, I have determined a process or therapy, that has assisted teens, individuals and couples, in recognizing how predictable healing and recovery can be. We have tracked the source of the patients unwanted fears, not necessarily by identifying their weaknesses, but the exact opposite; to discovering their strengths, abilities and uniqueness's. Assisting people in their strengths, maintains a positive and productive atmosphere and experience.

We are also searching out people who have attended other therapies, people that suffer with addictions, anxiety, mental and physical abuse, and social disorders.

The program consists of two therapy sessions, first session to introduce the therapy and tool, then a follow up session to determine results, concerns and answer questions of the of the program.

If you are interested in this free study, call . Our offices are located at 4778 N 300 W, Provo, Utah (inside the Brio Building). Let us share some of the testimonials of people we have assisted over the years.
