QR Code Link to This Post Dear all,
I am looking for a female roommate that is a student at UW. The room is available January 1st. It is \$476/month and includes utilities, internet, a washer and dryer, and a Keurig :)

The apartment has a kitchen with an oven, mini-oven, microwaves, double sided sink, and a breakfast bar. I don't use the main living space for anything, I can set up a TV if you would like (there is free cable). We would share a bathroom which has a decent sized sink/countertop and a shower/bathtub. (I can provide pictures upon request)

The apartment is right down the street from the UW stadium and is close and within walking distance of Chili's, Ridley's Market, Perkins, Almanzas, and a gas station. The university provides complimentary shuttle service to the university every 10 minutes from 6 am to 6:30pm.

I have a small dog (a Papillon) she is very well behaved, and will not bother you. In general, I am a clean person and I would ask that a roommate keep the living space, kitchen, and bathroom clean.

Again, you must be a student at UW.
