QR Code Link to This Post Olivia has been miserable and lonely since her kitty companion passed about a month ago. We are not in the position to acquire another friend for her. She is nine years old, has been spayed and declawed, and has lived indoors all her life. She comes with a carrier, automatic feeder and waterer, bag of food and litter pans. She is sweet and cuddly on her terms if you let her come to you. She is not a big fan of kids or dogs, but has never been aggressive towards either. \$20 rehoming fee applies.
