..... data cables since 1998

We can do what the phone company and cable company won't do, or will charge you way too much to do.

- Efficient
- Insured
- Competitive

If you need immediate service even when your business is closed, at odd hours of the night, we can help; usually available 24/7, specializing in emergency situations and "I NEEDED IT YESTERDAY" scenarios.

Free estimates, consultations and ideas.

Buildings from 100sf to 100,000sf.

We do cabling, consulting, design, testing, termination, documenting, managing and connections in the following settings (new & old construction):

We also have Suitability (fingerprinted and cleared for entrance into various Federal buildings).

call our landline @ (voice only, no texts to this number)

Feel free to call any time day or night with any questions about installation or service.

If your telephone / communications closet or rack is a huge mess of wires, we can reorganize for you.

- configure custom network/system cables
- install internet / ethernet / phone / data jacks (new installation)
- design / install home theater system / office / apple TV / BlueRay / speakers / surround sound
- set up wireless / wifi networks with unique names (public/password encrypted)

We charge \$100 per hour but if you mention this craigslist ad, we will do it for \$75 per hour.

With a PBX cutover we can do all the wiring necessary to port your new digital or VOIP lines.
We can plan to port your numbers so you have almost no down time on your phone system.

- trace or relocate or add as many data and phone drops as you require.
 - run your current phone system in place of the old analog telephone company / POTS lines.
- I

*****website and stellar references and liability insurance certificate available upon request*****

The Cable or phone company will charge you \$125/hr + for same services.
Call prior to or after the installation from your phone / cable provider and we'll neatly install all your jacks.

Telephone system and PBX Alternatives !!!

some of the items we can provide a technician to service:

Avaya partner, Nortel Meridian, Netgear, APPLE TV, many other business phone systems and call center solutions

POS (Point of Sale) system, credit card machine, most hardware, configure most VOIP phones

We can do design, repair, label, build-outs and installations of all of the following:

cat5, cat6, cat3, riser, plenum, fiber, ethernet, wireless, switch, router, server, LAN, WAN, land lines, sound systems

adds and/or changes, equipment moves and relocation, cutover, set-up, expansion and upgrades

We can cover all of your Cable needs (inside and outside wiring):

Ends, RJ45 / RJ11 tips & jacks, 66 block connection, RG6, siamese, patch panel punchdowns, trace lines, toning, labeling, mount and install IP camera
