QR Code Link to This Post Would you like to get rid of them? Well there is a Company in Greeley that has been using a all natural product for 7 years, with proven results in killing bed bugs. They use Cedar oil that kill the bug in 30 sec. and egg in five min.. Where with most company's they treat and if they have to retreat your home its more money. With Cedar Pest Control they treat till your bug problem is salved for only a one time fee. In most cases it take 4 or 5 visits to your home. Bed bug are easy to get but very hard to get rid of. If your told someone one can do it in one time visit I yet to see that happen Even with Heat Treatments. So If you want to be bug free Give CEDAR PEST CONTROL a call or visit there web site at cedarpest
