QR Code Link to This Post New in box - never opened. This is a recreation of the Aeronca tail wheel airplane classic. The HobbyZone Champ is small in size and lightweight; made from durable foam construction so you can fly with confidence in spaces as small as your own backyard without having to worry too much about crash damage And it's so easy to control, you could be flying it like a pro in no time, even if you've never flown an RC airplane before. Here are features: Everything you need to fly RC today

Completely assembled and flight-ready

Interference-free 2.4GHz teansmitter with Spektrum DSMX technology

Proportional 3 channel control with working throttle, rudder and elevator

Durable, lightweight construction

Electric motor that delivers quiet operation and impressive performance

Lithium-Polymer battery power for long flight times on a single charge

Battery powered DC Li-Pro quick charger

Steerable tail wheel for easier ground control

Includes 8 AA batteries to complete the transmitter and charger

Age recommendation: not for children under 14 years.

I am frequently in Denver area so can meet up there.
