QR Code Link to This Post You read it right !!! Never rust utility trailers - Really well made !!!

They even have a 5 foot gate, not a standard 4 foot gate like all of the rest which makes loading and unloading easier. Strong and sturdy frame with treated lumber on the floor. You can tell the quality when you see it. This is what they make the boat trailer out of which are able to be dumped in salt or fresh water while launching a boat and this is what makes it rust free !!!
