QR Code Link to This Post Selling my 2006 Mazda 3i with 179,000 miles, Clifford remote start, alarm, proximity sensors, and iphone connector.

The engine has been meticulously maintained, with printed records of all services performed. Full synthetic oil used since 2008, and only 91 Octane gas. Functions perfectly without any issues. AC fully functional. New rear speakers.

There are minor-front and moderate-rear bumper scuffs, chips and damage due to a minor fender-bender. Engine function unaffected.

Title is salvaged - driver's door replaced.

This car would be perfect for a beginner driver, or as a commuter option. A 14.5-gallon tank provides between 330 and 360 miles.

Smogged and registered until June of 2018.
