I'm a Producer/Artist from Montreal, Quebec Canada. I produce all my own music in my small studio at home. I'm looking for talented singers to collaborate with. I'm posting in different cities on craigslist since I've gotten very little responses in my own city.

Do you have finished songs that you're looking to have remixed? Or maybe recorded vocals with unfinished music? I will take your vocals from that track and completely redo the music. I've done this before with many artists. It's a fun way to bring an old song back to life.. :)

****Here are the specifics of what I'm looking for: PLEASE READ!****

- If you choose to contact me please send links! I will not respond without any links to your music.
- Please have the vocals tracks available! If you don't have the isolated vocal tracks of your songs I can't make a remix.
- The songs must be of professional quality.
- I'm only looking for singer/songwriters that have songs already recorded. Please no Rappers, Producers beat makers , time wasters ect...
- This is a hobby of mine and I really enjoy collaborating with other artists. There is no money involved.

Looking forward to working with you! :)
