QR Code Link to This Post I have to rehome my cats. I just got them back in july but my daughter has developed allergies to the cats and i will need to find them a new home. They love each other and snuggle so I want to keep them together.... they do not have their shots yet and are not fixed. (this will need to be done soon) I will include all of the supplies I do have with a small rehoming fee of \$40 for both cats. I have food, toys, a covered litter box and flea medication. They are good with kids and got along good with my dog as well. They are litter trained and very snuggly and loving. Beautiful cats. please let me know if you have an interest. and describe yourself, the environment you will be bringing the cats into and why you want them.!
