QR Code Link to This Post This is Catlynn--she is a 5 month old short haired black and white spayed female kitten who was rescued from a high-kill shelter where she had virtually no chance at adoption. She is an extremely mellow girl who loves attention. She would do very well in any household including one with kids. She will need to be an indoor-only kitty to prevent her white nose from getting sunburnt and developing eventual skin cancer. She has been exposed to dogs and other cats since rescue and she is perfect with the litter box. She has been tested for feline leukemia and FIV, dewormed, vaccinated, treated for fleas, vet checked and spayed. A \$100 adoption donation is requested (or \$160 for 2 kittens). All medical records and a sample of her dry kitten food will be provided with adoption. If you would like to meet Catlynn, please call . Thank!
