QR Code Link to This Post Hi,

Currently mid-20s. I played seriously in high school and some club tennis at a D1 school (for what that's worth). I will be rusty but will pick things back up pretty quickly. Looking for someone who can maintain rallies and not just whale on the ball/make tons of unforced errors. Other than that simple requirement I'm pretty easy going. I live in the mission area about 4 diagonal blocks from Dolores, but open to trying other courts as well.

Thanks!

Also will mention I prefer singles to doubles and people that like to move around and not just stand there/take every ball on two bounces. :)
