Hi all,
looking for passionate war gamers to play various war games. I have a diverse group of games such as:

- War and Peace (Napoleonic game)
- Command and Colors Napoleonic, Memoir 44, and Ancients
- Gettysburg
- Axis and Allies
- 1776
- Civil War Game

I have other games including Paydirt and even working on a Statis Pro Football game that I'm looking for someone to playtest with me. Anyway, if you're an experienced gamer or a beginner or just someone who loves competition, let's talk. I normally play at Sci-Fi on Colonial and Semeron but can also play at my house as well. I'd be interested in playing your games also. Look forward to hearing from you.
