QR Code Link to This Post Hello! We're researchers at the University of Michigan-Flint and we're conducting a short survey about your experiences with condoms. We're specifically looking for men (18 years and older) to take part in the study. All responses are completely anonymous and this study takes most people 15-20 minutes to complete. Thank you so much for volunteering some of your time!

If you would like to participate, please follow this link: <https://umich.qualtrics.com/jfe/form>
