QR Code Link to This Post Are you an adult dog owner or have a child aged 2-10? Join us on the Yale Central Campus to participate in a study about how people interact with robots or dogs.

FOR AGES 2-6:

Who: Moms, kids, and your family dog
 What: A 3-part project. During one visit you will be asked to bring your dog in with you.
 You will be compensated \$90 if you attend all three visits.

FOR AGES 7-10:

What: A brief (1 hour) study of interactions between kids and robots
 Kids will receive a \$10 gift card, a toy, and a certificate of completion as a thank you for their time.

About our lab: The Innovative Interactions Lab is a research group directed by Dr. Alan E. Kazdin, within the Department of Psychology. Our lab is dedicated to learning more about how children and youth interact with animals and robots to improve their own wellbeing and cope with the challenges of daily life.

To learn more about our work, please visit our research page.
