QR Code Link to This Post My babies are being rehomed. Holly and Zane are a white husky and a black german Shepherd..my yin and yang. I'm going to begin 12's at work and it's not fair for them to be in a kennel all day (I'll be working 6-6) Zane was going to be taken by my Mom but a medical problem occurred and now she can't.

Holly is a 10 week old white husky female. Great with kids and other dogs. Very playful. Kennel trained. Working her best to understand "Sit" She's had her first shots.

Zane is a 1 1/2 year old black German Shepherd. He is not in tact. He is great with kids also and is always playing patient with my daughter when she plays doctor. He isn't to sure about other dogs and will pull on a leash but never will harm.. just wants to sniff or play. You will get his harness and leash.

Rehoming fee.
