QR Code Link to This Post Sweet Grizzly, the medium hair gray and white kitten, was really down on his luck. At a high kill shelter with a skin infection and a bottle baby, he wasn't going to get out without rescue. Baby Grizzly required special treatment for a skin infection that had left much of his hair missing and had a respiratory infection on top of needing to be bottle fed. This little kitten is as sweet as they come and his hair has mostly all grown back.... his cute whiskers are coming in and the remaining band around his tail is finally growing hair.

Grizzly has a huge personality for a little guy and is extremely outgoing and affectionate. He loves people and attention. He is neutered, up to date on shots, wormed and flea treated. He is negative for FeLV and FIV. He is looking for a great indoor home where he can be loved and adored.

If you are interested in meeting Grizzly, please respond and provide information on why you are looking for a kitten. Young kittens do best when adopted in pairs and we have a lot of kitties that would love to come with Grizzly.

Application, vet and personal references are required. Adoption fees cover the costs of their medical care and preparation for adoption. Adoption fees are \$70 for one kitten and \$120 for two (always recommended so kittens have each other to play).
