QR Code Link to This Post We're a modern folk duo with a residency at a local venue. We perform our original music on a weekly basis and write on a daily basis. Our material is radio-friendly, we've just begun recording sessions with an outstanding producer, and we're ready to grow (larger venues, bigger web presence, etc.). We're looking for a motivated manager to join the trip and reap the rewards. We're confident that when the right person sees us perform live, he or she will want to get onboard.

A music journalist recently said of our lead singer, "She has a voice that needs to be heard."

Interested? Please let us know what you're up to and where you've been. We'll immediately send you links to our material. We respond quickly.

Looking forward to hearing from.
