QR Code Link to This Post Hello, I have 7 birds that I am looking to rehome. This is not easy for me as I find comfort with them and really enjoy having them, unfortunately, I've had some things come up and I am no longer able to give them what they need. I have 6 parakeets and one cockatiel. The parakeets are in a medium flight cage and the cockatiel is in its own cage. Looking for a small rehoming fee to ensure they go to good homes. They will come with their cages and whatever food that I have left with them. The parakeets are caged and full flight. The cockatiel is as well in full

Flight. The cockatiel with time will become hand tame again but right now it's not so willing to setup but has been handled. If your interested in them please send me an email and we can go from.
