  QR Code Link to This Post 501(c)3 cat-rescue organization needs volunteers to assist cats of all ages in need. Mostly, we need fosters to provide temporary homes for cats awaiting adoption. Nearly all of our cats are adopted within weeks. All will have been vaccinated, flea-treated, tested for FIV and FeLV, and spayed/neutered prior to placement into a foster home with the exception of extremely young kittens who are too young to have had certain procedures. Rescue organizations pay for all vet care.

  We also need volunteers to assist in trapping stray cats, transporting cats to foster homes and to the veterinarian (most frequently dropping them off in Revere or Medford on certain mornings for spaying/neutering and/or picking them up in the late afternoon/early evening). If you're good with a video camera, we could also use someone to help with video recording/editing (if you're not sure how to edit but are willing to learn, you will be taught).

  Please reply via email to this post with your name and phone number. A volunteer will contact you within 48.
