QR Code Link to This Post I am looking for a Woman who is interested in housecleaning. Specifically looking for someone who will be available early tomorrow morning. I have a one bedroom apartment so I do not need a professional cleaning service just one woman who has atleast basic knowledge of cleaning. I will pay $30and hour,it may take only 2-3hours. I will also be open to paying more. Ideally looking for a housekeeper that don't have an issue with cleaning wooden floors by hand. Would like you to wear leggings in addition. If you're interested please text or call me with your name and a pic. Again I'm looking for tomorrow early morning only because I do have a full time job that I have to work.
