REASON WHY YOU SHOULD BE SELECTED:

AT LEAST 6 PHOTOS BACK AND FRONT(RECENT PHOTOS)

Body Paint is not for everyone because of the required patience and need for extreme cooperation. It can be a little demanding and stressful at times but it is also very fun. This event is special because it will be a white paint event so when submitting photos please make sure they are as clear as possible because skin texture, colors, and shades are very important when using these paints. Any other questions just.
