What is Sile cloth?

Sile Cloth is a fabric exclusively specific to Sile (a town in Istanbul, Turkey), which is woven from cotton threads at hand looms. It is named after Sile, because it was first woven in this traditional Turkish town. Sile Cloth is used for the manufacture of a wide range of clothes, covers and various home-textile items. As it is made of 100% cotton, it does not cause sweating and it is non-allergenic and healthy.
