QR Code Link to This Post Have a project that requires a Skid Steer/Bobcat? Well you're in luck. Don't waste your time trying to rent one and learning how to operate it. Instead call me and let's see if I can be of some help. I own my own Bobcat and can do that small excavation project you need done. Services can include removal of concrete patios, grading a yard, spreading dirt, brush removal, driveway work, leveling your ground for drainage problem or pool, moving mulch, you name it. Haul away service is also available.

Rates; I don't have set rates, I will bid the job as I see it and according to your requests. Due to the expense of even transporting, I do however have a \$200.00 minimum. Call me with your information and pictures for a brief description of your project and I can either base my quote on that or set up a time to check it out for you. I live in the Lawrence area. Mornings are best for me. Don't wait, schedule now.

If there is any digging needeHave a project that requires a Skid Steer/Bobcat? Well you're in luck. Don't waste your time trying to rent one and learning how to operate it. Instead call me and let's see if I can be of some help. I own my own Bobcat and can do that small excavation project you need done. Services can include removal of concrete patios, brush removal, DEMO of sheds / barns or ect, grading a yard, spreading dirt, leveling your ground for drainage or a pool, moving mulch, you name it. Haul away service is also available.

Rates; I don't have set rates, I will bid the job as I see it and according to your requests. Due to the expense of even transporting, I do however have a \$200.00 minimum. Mornings are best for me. Don't wait, schedule now.

call or text Rubber tracked & tired machines. If a service your interested in is not listed just ask.

if there is any digging needed please call 811 first for proper utility markings. YES I am insured!

thanks Micheal
